

# Alyx Kellington

## fee schedule

### Universities, Colleges, Conferences

1 hour presentation, regardless of number of attendees      \$1000 + expenses

Due to travel costs (transportation, accommodations, meals), I encourage you to talk, not only with other departments within your school, but to other colleges within the area. If several presentations are booked within the same day, I can travel to another school within the region. I can then reach a larger audience, and several schools can share the expenses.

*Below is a list of potential co-sponsors. This may provide you with ideas for contacting other departments or organizations to share the costs. If you are still unable to afford the fee, a sliding scale is available upon request.*

## possible co-sponsors

- **Women's Centers** (run by students or supervised by an administrator)
- **Student Groups**
